

AVAILABLE INTEGRATIONS FOR ONBASE ECM SOFTWARE

www.3sgplus.com

EMPOWERMENT THROUGH INTEGRATION

When several applications are involved in a single business process, it's crucial to keep information synchronized. OnBase facilitates this by orchestrating seamless data exchanges with your systems, minimizing manual data entry and breaking down information silos.

Acting as an integration hub for the enterprise, OnBase ensures that your staff can work confidently, knowing they have access to the most up-to-date information, all while conveniently retrieving necessary content from their preferred applications.

SG Plus is a technology reseller and IT managed services provider headquartered in Columbus, Ohio. Our services include enterprise content management, digital transformation, and cybersecurity. We are an authorized OnBase reseller, integrator, and professional services provider.

We provide customized OnBase deployments, and we integrate OnBase software with other client systems to enhance functionality and effectiveness. We also provide onboarding assistance and post-implementation support.

Our team has 20 years of experience in providing digital transformation solutions to public and private sector clients. Our expertise and comprehensive support services enhance operational effectiveness, boost transparency, and maximize the value and impact of their OnBase software.

OnBase by Hyland is a comprehensive enterprise content and business process management solution designed to streamline document handling, refine workflows, and bolster organizational efficiency.

The platform includes a centralized document repository for seamless storage, organization, and retrieval to foster collaboration and maintain data integrity.

Agencies use OnBase to capture, process, and manage enterprise content across the organization. The platform provides users with a complete view of the information they need, when they need it.

ENTERPRISE INTEGRATIONS FOR EVERY INDUSTRY

Adobe Sign

Securely manage electronic signatures and automate document exchange within OnBase through cloud-based integration.

Outlook

Simplify document management by storing emails and attachments in OnBase directly from Outlook with ease.

Enhance Costpoint with document management and AP automation, improving control and efficiency directly from familiar screens.

SharePoint

Access content and workflows directly from SharePoint, enhancing efficiency and centralizing document management.

Streamline signature processes within OnBase, securely managing documents through cloud-based signing with DocuSign.

E-BUSINESS SUITE

Connect transactional data with documents, streamlining processes and improving accessibility within Oracle EBS.

Google Docs

Integrate OnBase with Google Docs/Drive for seamless collaboration while maintaining governance and security.

PEOPLESOFT

Reduce cycle times and enhance data visibility by managing documents within PeopleSoft, streamlining processes.

Microsoft Dynamics

Streamline processes with Hyland integration, improving AP, procurement, contracts, and AR management in Dynamics ERP.

Digitize documents, enable seamless search, retrieval, and import directly from Salesforce with Hyland integration.

Office

Enable document management within Word, Excel, and PowerPoint, offering seamless workflow interaction with OnBase.

Optimize invoice processing, procurement, contracts, and AR tasks, improving efficiency and insight with SAP integration.

ENTERPRISE INTEGRATIONS FOR EVERY INDUSTRY

Enhance SAP processes with document access, storing documents, print lists, and archives in OnBase.

Automate processes with document capture, workflow, and data access, providing real-time insights directly from Workday.

SAP SuccessFactors

Streamline HR document management, ensuring secure access and compliance directly from SuccessFactors.

FINANCIAL SERVICES INTEGRATIONS

Borrowers access OnBase documents via Black Knight Servicing Digital's Document Center, managed by Hyland Services for reliable document delivery.

Automatically archive loan documents from Encompass to OnBase upon reaching final determination status, ensuring secure retention and easy access.

Credit unions optimize performance with secure document management integrated seamlessly into their Corelation KeyStone systems, enhancing service and decision-making.

OnBase serves as a content services hub, securely connecting data and systems across credit unions, streamlining processes and improving accuracy.

HEALTHCARE INTEGRATIONS

Enhance clinician access within athenaIDX workflow with Hyland's integration, capturing, classifying, and integrating patient records efficiently.

Streamline home healthcare processes with electronic forms, automated content association, and integration with HR and accounts payable systems.

Integrate OnBase with Cerner PowerChart EMR to store unstructured content and link it seamlessly for comprehensive patient information access.

Automate healthcare processes and improve staff satisfaction by integrating OnBase content within NextGen workflow for seamless access to patient records.

Seamlessly integrate Hyland's OnBase with Cognizant TriZetto Facets®, QNXT™, and CareAdvance®, enhancing user experience and claim management efficiency.

Enrich EHR access within Sunrise™ Acute Care with Hyland integration, capturing, classifying, and integrating patient records efficiently.

Extend access to patient records within Epic with Hyland integration, enabling informed decisions and efficient management of documents and processes.

HIGHER EDUCATION INTEGRATIONS

Gain a complete view of campus information with Hyland's Anthology Student integration, empowering efficient document management and informed decision-making.

Enhance Jenzabar processes with Hyland integration, enabling quick access to student data and seamless document management within Jenzabar's Student Information Systems.

Unify student, employee, and vendor data across campus with Hyland's Ellucian integration, reducing manual tasks and enhancing data accessibility within the SIS interface.

INSURANCE INTEGRATIONS

Duck Creek Technologies

Enhance risk management and streamline billing processes with OnBase-Duck Creek integration, providing instant document access and accelerating development with codeless configuration.

PLANNING AND DEVELOPMENT INTEGRATIONS

Access documents seamlessly within Accela screens and Field Inspection tool, improving agency adaptability and scaling capabilities while ensuring document accuracy.

Integrate OnBase with Esri ArcGIS, allowing users to link documents to map locations, analyze geographic data, and retrieve documents from a single interface.

Connect content with planning processes, streamline work order management, and centralize content repository for efficient plan set management.

Track permits, planning, and code enforcement from Tempest Prospero, ensuring consistent information across the organization and improving transparency for future operations.

OVER 500 INTEGRATIONS AVAILABLE

Don't see your platform listed? Don't worry! OnBase by Hyland integrates with over 500 software platforms using REST and SOAP APIs. Contact us if you would like to learn more about platform integrations with OnBase.
