SMARTER ENVIRONMENTAL HEALTH WITH ACCELA

SIMPLIFIED COMPLIANCE

Accela's Environmental Health solution helps agencies modernize how they protect public health. The cloud-based system replaces paper and manual processes with automated workflows for inspections, permits, billing, and renewals.

Facility owners can submit applications, pay fees, and track progress online. Inspectors use mobile apps to complete inspections, capture photos, and upload results—even offline. Real-time data keeps office staff, inspectors, and the public connected.

By reducing paperwork and improving transparency, agencies gain more time to focus on what matters most: protecting community health.

BENEFITS

- **Efficiency** – Automates routine tasks, reducing costs and delays.

- **Public Access** – Online portals for applications, payments, and status tracking.

- **Field Productivity** – Mobile tools keep inspectors accurate and connected.

- **Stronger Compliance –** Continuous data exchange ensures agencies meet regulations with confidence.

- **Cost Savings** – Cloud hosting reduces IT maintenance and infrastructure expenses.

- **Faster Responses** – Automated notifications keep applicants, staff, and inspectors informed in real time.

CORE CAPABILITIES

- **Public Self-Service Portal –** Citizens and businesses apply, pay fees, and track status online, reducing in-office traffic.

- **Mobile Inspections –** Inspectors capture photos, notes, and results in the field—even without connectivity.

- **Electronic Plan Review –** Staff review, mark up, and approve plans digitally, improving collaboration and speed.

- **GIS Integration –** Location-based mapping supports smarter routing, inspections, and regulatory planning.

- **Automated Notifications –** Applicants and staff receive real-time updates on statuses, deadlines, and renewals.

- **Cross-Department Workflows –** Agencies collaborate on shared processes, breaking down silos and improving service delivery.
